Reports on the implementation of the 2005 Convention in Hong Kong SAR of China

EXECUTIVE SUMMARY

This one-page summary should present the main objectives and priorities of the Party's policies to implement the 2005 Convention on the Protection and Promotion of the Diversity of Cultural Expressions. The summary is not an introduction to the report nor an annotated table of contents. The summary is presented to the Intergovernmental Committee and the Conference of Parties.

The Government of the Hong Kong Special Administrative Region of the People's Republic of China (Government) is committed to respecting the freedom of cultural and artistic creation and expression and providing an environment that supports the development of arts and culture, both contemporary and traditional. In 2019-20, the Government's total expenditure on culture and arts exceeds HK$5.1 billion, which represents an increase of about 27.5% from HK$4 billion in 2016-17.

Over the decades, Hong Kong has developed into a prominent arts and cultural hub in Asia with a very vibrant and diverse cultural scene. There are a large number of programmes and activities covering a wide range of arts disciplines, comprising Chinese and Western cultures and encompassing traditional and contemporary arts going on throughout the year. There are over 1 000 performing arts groups in Hong Kong. In 2017-18, there were 5 160 performing arts programmes and 9 037 performances attracting a total attendance of 3.42 million1; and 1 213 visual arts exhibitions covering a wide range of art media2. The average annual attendance at public museums managed by the Leisure and Cultural Services Department in the period from 2015 to 2019 had reached around 5.3 million and library materials borrowed from the Hong Kong Public Libraries reached over 45 million items in 2019.

The Government is now pressing hard on the development of the West Kowloon Cultural District (WKCD), comprising world-class arts and cultural facilities. Looking ahead, WKCD will inject new momentum into Hong Kong’s arts and cultural landscape and provide enhanced cultural infrastructure to promote the long-term and diverse development of arts and culture in Hong Kong.

PLEASE TAKE NOTE OF THE FOLLOWING GUIDELINES BEFORE YOU START.

For each area of monitoring, you are invited to:

- Answer the key questions by **ticking as many boxes as appropriate** (more than one answer is possible);
- Include a narrative presentation of the most relevant policies and measures implemented in your country concerning each area of monitoring. While it is **not mandatory to report policies and measures in all areas of monitoring**, it is highly recommended that as many areas of monitoring as possible be covered so as to provide a coherent and comprehensive picture of the work carried out in your country to implement the Convention. **Including relevant policies and measures will serve to evidence the responses to the key questions.** UNESCO will then also be able to feature them on its Policy Monitoring Platform;
- **Add statistical data whenever such data is available.**

A **CSO form** is available to collect information on measures and initiatives taken by CSOs to implement the Convention. Relevant examples are to be selected and included in the final QPR.

(a) **Museums:** There are 14 museums, a film archive and two visual arts centres managed by LCSD. They are professionally managed to provide an ideal environment for the conservation and display of collections. Large-scale thematic exhibitions are held every year to add variety to the permanent exhibitions with the ultimate goal to attract more people to visit museums. Extension activities such as film shows, demonstrations, workshops and travelling exhibitions are organised to stimulate interest and popularise museum services.

**Libraries:** The Hong Kong Public Libraries (HKPL) managed by LCSD now provides a network of 70 static libraries and 12 mobile libraries with a comprehensive collection of library materials, including books and multimedia materials. As at 31 March 2020, HKPL had 4.68 million registered borrowers. HKPL aims to serve the public in the ways as manifested in the “UNESCO Public Library Manifesto”. HKPL has continued to fulfill its commitment in promoting a knowledge-based community through reading and literary arts by organising a diversity of cultural activities by partnership with non-Government organisations (NGOs).

**Performance venues:** LCSD manages 16 performance venues as focal points for cultural activities throughout the territory. They include three territory-wide performing arts venues, 11 district venues as well as two indoor stadia. **Does it specifically target young people?**

(a) No. LCSD encourages the general public (including young people, senior citizens and people with disabilities) to participate in cultural activities.

GOAL 2
ACHIEVE A BALANCED FLOW OF CULTURAL GOODS AND SERVICES AND INCREASE THE MOBILITY OF ARTISTS AND CULTURAL PROFESSIONALS

INTRODUCTION

Parties shall provide information on policies and measures, including preferential treatment as defined in Article 16 of the Convention, aimed at promoting the inward and outward mobility of artists and other cultural professionals around the world. They shall also report on operational programmes implemented to support the mobility of artists and cultural professionals, particularly those moving to and from developing countries, including through programmes for South-South and triangular cooperation.

Describe the main results achieved to implement the Convention (at least one major achievement in one of the four goals):

The Government is committed to upholding the freedom of cultural and artistic creation and expression and providing an environment that supports the development of arts and culture, both contemporary and traditional.

LCSD museums provide a balanced mix of programmes at the museums for enhancing public appreciation of arts and culture and knowledge of local history and heritage. The average annual museum attendance had reached around 5.3 million during the period of 2015-2019.

As of the end of March 2020, library materials in stock in HKPL grew to 15.11 million items. The number of library materials borrowed in 2019 reached over 45 million. HKPL has been devoting its efforts to develop a balanced and “mixed” library collection of print books and e-resources covering a wide range of subjects to meet the public’s diverse needs and interests.

LCSD has been presenting a diverse and innovative range of programmes featuring local and internationally renowned artists and ranging from thematic traditional festival events for mass participation to audience building activities at the community and school levels. For example, in 2019-20, a series of special programmes were arranged to celebrate the 30th Anniversary of Hong Kong Cultural Centre, including the London Symphony Orchestra under the baton of Sir Simon Rattle and with pianists Emanuel Ax and local talents Colleen Lee and Aristo Sham; concerts of violinist Anne-Sophie Mutter, conductor and pianist Sir András Schiff and the Cappella Andrea Barca; The Great Tamer by Dimitris Papaioannou; XENOS by Akram Khan Company; Nuhikun (Directions to Servants) by director Terayama Shuji; and the traditional set piece The Imperial Emperor of Heaven Holding Court by a number of local Cantonese Opera artists organised by The Chinese Artists Association of Hong Kong. Since 2005, the biennial World Cultures Festival series has started its journey from Latin America, crossing the Mediterranean, the Silk Road, Asia, Eastern Europe and Africa. In 2019, the five Nordic countries were showcased encompassing music, dance, drama, literature, circus arts, and more. 20 visiting and 8 local arts groups performed in 125 events, attracting more than 60,000 people.

Describe the main challenges encountered to implement the Convention and the main solutions found or envisaged to overcome them:
Describe the steps planned in the next four years to further implement the Convention and the priority areas identified for future policy action based on the conclusions of the current reporting process:

LCSD museums constantly renew their permanent exhibition galleries. The Hong Kong Space Museum and the Hong Kong Museum of Art were once closed for renovation, and were reopened in 2017 and 2019 respectively. The renewal of permanent exhibition galleries of Hong Kong Science Museum, Hong Kong Heritage Museum, Hong Kong Museum of History and Hong Kong Museum of Coastal Defence will be completed in 2020 to 2024 by phases.

In addition, proposed expansion projects of Hong Kong Museum of History and Hong Kong Science Museum, and the construction of the Heritage Conservation and Resource Centre are under planning. The Centre will mark its significance by serving as a platform to provide conservation support to LCSD museums, as well as to preserve the invaluable museum collections.

HKPL will continue to make a dedicated effort to improve its services to the public by enhancing its library stock, reference and information services, wider use of information technology, and promoting good reading habit in the community.
